

The hypocrisy of protesters in the campuses

written by Ruth Wasserman Lande | 03.05.2024

As Israel enters the ground invasion phase of its war with Gaza, public perception of Israel has fallen in the eyes of many, especially younger people who don't have all the facts. In addition, international bodies like the United Nations and European Union have skewed pro-Arab to the detriment of Israeli lives. Host Steven Shalowitz sits down with Ruth Wasserman Lande, a former Israeli Knesset member, to discuss the hypocrisy of protesters supporting those whose values diametrically oppose they're own, how Israel values Palestinian lives more than their own government, and Iran's involvement in the attacks.
